

Rebecca Robinson

Personal Profile

I have worked with children, young adults and elderly people in home, school and care home settings.

I am self-motivated and driven to provide the best possible support for clients in need of assistance. I am experienced in working with clients with different levels of autism, learning difficulties, complex needs and emotional and behavioural issues.

0161 494 6489
Tracey@attherapy.co.uk

In my role as SALT assistant, I support children and young adults to achieve the outcomes agreed by the Speech and Language Therapists, in conjunction with the schools and families through a wide range of activities. I develop resources to support student's speech, language and communication needs, and work alongside the Practice Manager assisting with clerical and administrative tasks.

Amber Case Management – Team Leader/Support worker
January 2015- July 2019

I started as a part-time support worker for an adolescent with an acquired brain injury. I progressed within my role and became Team Leader. I was responsible for liaising and reporting concerns to the Case Manager, support team, school, healthcare professionals, physiotherapists and family to ensure that all the client's needs were met.

The Human Support Group- Care Assistant
January 2010- December 2014

In my role as care assistant, I was responsible for meeting service users physical and psychological needs, gathering and reporting data linked to patient care and contributing to the health, safety and welfare of the individuals.

Additional Skills

I am able to use my knowledge and experience of working in the care industry for many years, and apply it to my role at ATtherapy.
